innovative housing buildings

### Neue Mitte Wilhelmsburg

Ministry of Urban Development, Medical Centre, InselAkademie education building, Senior Citizen's Centre with a winter roof garden, residential buildings, exhibition venue and hotel WÄLDERHAUS, Island Park Hall (public swimming pool and basketball hall), indoor climbing walls, small shops, café, restaurant

Neue Hamburger Terrassen, 94 residential units and a kindergarten, mix of private owned apartments, social housing and a building community (Baugemeinschaft)

12:00-13:30 **lunch at Wasserwerk Restaurant**

13:30-14:30 visit of **Gateway to the world**, a “knowledge marketplace” with an unusual, open composition of the individual modules of the educational centre with 3 different kind of schools, one kindergarten and also adult education, family support, youth assistance and school advisory facilities

14:30-16:00 visit of **Global Neighbourhood** and **World Commercial Park** with a representative of the owner SAGA, the city's supplier of housing for people with low income. Since 2009 a former workers' settlement, home to people from over thirty different countries, has been undergoing modernisation, reconstruction, and expansion with new buildings. Following a wide-ranging and innovative participation process, the project "Global Neighbourhood" serve as a model for intercultural living. Almost 770 social housing homes are converted or new-built, along with up to 46 commercial units in the "World Commercial Park". Since early 2013 renewably sourced heat has been supplied by the neighbouring "Energy Bunker"

16:30      **arriving at the airport**

26.1.2015 Bettina Schön
